**WHEN BLOOD HELPS** — Jim Davis, a patient at St. Edward Hospital, is one of hundreds helped annually in Cameron hospitals by blood donated through the Milam Red Cross Blood program. The Bloodmobile will make a semi-annual visit from 1 to 7 p.m. Friday at Methodist Fellowship Hall.

Last fiscal year, Milam residents, in or out of state, received 933 units of blood, 262 units in city hospitals, 297 in Rockdale and 374 units outside Milam County. Volunteer donations make possible continued Milam participation in the Central Texas Red Cross Blood program, officials report.

## For Councilmen ...

# Hickman, Hays File

### 3 POSTS UP FOR ELECTION ON APRIL 4

Mayor pro tem Starrett Hickman has filed for re-election in Council Place 3 and John Hays, retired Cameron postmaster, filed for Council, Place 5.

Hays has filed for the post now held by councilman J. C. Marek.

Posts up for election in the April 4 city election also include Place 4 held by Lawrence Zoltz of Cameron, an Alcoa employee.

The filing deadline for the annual city election is March 4, 30 days prior to the election.

Councilmen passed January 17 a resolution and order of election.

Terms of office for city councilmen are two years, commencing April, 1967, to April, 1969. B. J. Matocha was named presiding judge.

It would be Hays' first entry into city government since his retirement two years ago as postmaster for 30 years at Cameron Post Office. He is now operating a specialty advertising business.

Hickman is seeking re-election for the second time. He has served on the council for four years.

Other councilmen now serving are R. W. Wells and Lester Turner. Posts held by Mayor Bassel Wilson and the other two incumbents are up for election next year.

City Secretary Buddy Fuller also noted that no new applications had been received for police chief or patrolman.

Two vacancies still exist in the Cameron Police Dept.

**CRUNCH** — A truck, emptied of the 22 tons of grain it was carrying, lay on its back overnight Friday beneath Big Pond Creek Bridge, near Clarkson. Driver George Phillips, 708 E. 21st, Bryan, rode the truck down, then crawled out through the windshield, escaping only with a bruised leg. Truck is owned by Kimbell's Milling Co., of Fort Worth. The grain was

salvaged the next day. Three spans of the five-span steel and wood bridge went down with the truck. Accident occurred about 9:30 p.m. Friday. Phillips walked to within five miles of Cameron by the next morning before the accident was reported.

The Milam Health Unit is conducting a continuing immunization program against measles among indigenes.

It is a new part of immunizations regularly given at the Health Unit in Cameron for smallpox, diphtheria and other communicable diseases easily controllable through immunization. The Unit is open daily from 8 a.m. to 5 p.m. except Saturday.

**EQUAL TIME** — Daughter Leslie, at 7, must wonder sometime why Martin reads more column inches periodically than she.

At least her friends do. It has been some time, but Les used to do cute things, at age 3, like walking the better part of a mile to a friend's house across heavy traffic arteries, unaccompanied and unannounced.

Now, she is quite busy painting and dancing outside her school work. She might be painting inside the classroom too. If she does, though, it's somewhat her nature to be light hearted and gay, the way little girls are supposed to be.

107-107-107

It may be an undeclared war we're involved in, but the budget of \$135 billion proposed is the largest and the \$72.3 billion for the military is the third largest in American history, following the two war years of 1944 and 1945.

107-107-107

An appropriation of \$1.8 millions is included in the proposed budget for the San Gabriel River projects, meaning Laneport and North San Gabriel projects.

These were designated in April, 1966, as ready for development over a period of fiscal years as federal finances enabled it.

Laneport is expected to cost about \$32 millions and North San Gabriel about \$15 millions, if memory serves.

Laneport area is just within Williamson County, about six miles west of San Gabriel.

North San Gabriel will be near Georgetown, to its west. A third dam on the South Gabriel was put into limbo until the other two are all but completed, sometime in the early '70's.

## Law Not To Seek CISD Re-Election

No one has filed for election as board member of Cameron Independent School District, but C. R. Law, president of the CISD board, has announced he will not seek re-election.

He was elected to the board in 1964 along with board secretary Forrest Sapp and member Charles McDermott.

Filing deadline is March 1, 30 days prior to the April 1 school board election. Applicants must file with Sapp, board secretary.

Law released the following statement to the press:

"Circumstances confront me which have caused me to determine that I cannot continue in service as a member of the Board of Trustees for the Cameron Independent School District and I desire to make this decision known at an early date, thereby serving the best interest of the schools as I see it.

"My very enthusiastic interest in our schools will not diminish in the least and I shall continue to support better schools while at the same time asking for a dollar's worth of value for every dollar spent. Our schools today are in excellent condition, many substantial improvements have been made in the physical plants, our

### 17 Leaders Named For Mothers March In Cameron Tonight

Seventeen area leaders have been named for the Mother's March of Dimes, who in turn will appoint workers within their area.

Maps and material have been distributed to the leaders, according to Henry Litzman, drive chairman.

The Mother's March is scheduled to start promptly at 7 p.m. Thursday, and end at 9 p.m.

Residents of Cameron are requested to leave their porch lights on until the workers have called at their homes. Workers will turn in their money to the leaders of each area, who in turn will bring it to the Citizens National Bank side door. There chairmen for the drive will count the money and turn it over to the March of Dimes.

finances are in excellent shape, and everyone is happy.

"Please let me suggest to the people of Cameron that the late annexations of Marak and Branchville Common School Districts are perhaps the greatest achievements for the Cameron Public Schools.

"It is more than 30 days until the filing date for persons to offer their services on the school board and my prayers are that many gracious persons may come forth to offer their services."

Law is presently serving as a member of the board of Mary Hardin-Baylor College, Belton, and is a retired accountant and active rancher.

### 124 Cases Heard

# Milam Courts Review

A review of court records for Milam County in 1966 shows that 47 cases were heard in District Court and 78 in County Court. They ranged from worthless checks to murder with malice.

County Attorney John Henderson Jr. said 20 felony cases brought pleas of guilty resulting in 12 probation sentences, 1 dismissed after restitution to the complainant and 11 dismissed. Two pleas of guilt in felony cases brought fines on a reduced charge.

Fourteen burglary cases drew average sentences of 8 years confinement after pleas of guilt: 2 paid fines of \$250 each on reduced charges of misdemeanor theft; 5 received probation sentences; and 7 burglary cases were dismissed.

Of 5 felony theft charges, 1 pleaded guilty, 1 was dismissed and 3 brought probation sentences. One felony swindle by worthless check case was dismissed after restitution was made; 2 forgery cases brought terms of 5 years in the Texas Department of Corrections; 1 malicious mischief charge was dismissed, the defendant pleading guilty in Justice Court and fined.

Three felony Driving While Intoxicated indictments were heard in District Court. Each resulted in

probation with 2 cases being for a term of 5 years and 1 for 3 years. Two convictions of "escape from prison" resulted in terms of 3 years in the Department of Corrections for the defendants.

A 5 year probation sentence was assessed in an assault with intent to murder with malice aforethought charge. In connection with this case, an indictment for murder with malice was dismissed when the probation was granted. One indictment charging the defendant with murder with motor vehicle was disposed of on a plea of guilty and a 3 year term assessed. A companion case was dismissed.

In June 1966 a jury found Hipolito Gonzales guilty of murder with malice aforethought. The court assessed a punishment of 15 years in the Texas Department of Corrections. The case is in the process of being appealed to the Texas Court of Criminal Appeals in Austin.

On November 30, two defendants were found guilty of attempted burglary. Their amended motions for new trial were overruled January 14 and they were each sentenced to 2 years in the penitentiary.

### Bowling Tourney 2,800 Thus Far

### To Draw 22 Teams At Local Lanes

The Cameron Womens Bowling Association will have 22 teams matched in the annual tournament which starts here this weekend.

Mrs. Irene Mees, president of the Women Bowlers, said that 110 area women have signed up for this year's tournament at Cameron Bowling Lanes.

Team events will be held at 7 p.m. Saturday, and on Sunday at 2 p.m. and 6 p.m. Doubles and singles competition will be next weekend.

Bowlers will be competing for trophies and cash prizes.

## Voters Signup Ends Jan. 31

Voter registration by mid-week totaled about 2,800, according to a report from the Milam County tax assessor-collector's office.

About 2,050 had registered at Milam Courthouse, 500 at Rockdale Gaither Motor Co. and Thorndale City Hall.

An earlier prediction of 4,000 registrations, requiring no payment, appeared optimistic at presstime.

Valter White, county tax assessor-collector, earlier in the month emphasized that a registration re-

ceipt was necessary in order to vote in any election this year.

Registration deadline is midnight, January 31.

City Secretary Buddy Fuller told The Herald that no registration is necessary in City Hall this year. Registration at Milam registration polls is a pre-requisite to voting in any city election.

Those who will be 21 this year must register before midnight January 31 according to the new voting law. Persons over 60 before January 1, 1966, need not register.

Blanks also are available at the Cameron, Rockdale and Thorndale registration centers for anyone who is ill or otherwise unable to come to the registration center. White told The Herald. Friends or relatives may pick up forms and return the completed forms for the confined person or indigent.

The total thus far is about the same as last year when poll tax payment was required, White's office reported.

This is an off-election year, except for municipal, school and other small political subdivisions.

### Shell Wildcat

### Below 13,673

### Near Smackover

The Shell Oil Company No. 2 Adoue Estate, deep Smackover wildcat being drilled in east Milam County, was drilled below 13,673 feet Monday.

Shell is drilling the wildcat tight, but is releasing depth figures more frequently. It reported the No. 2 Adoue at 13,205 feet on Monday of last week, at 13,394 feet on Wednesday, at 13,517 feet on Friday, as well as the latest 13,673 foot depth on Monday.

In other oil activity, storage tanks were moved in recently for the J. M. Huber Corporation No. 2 H. H. Coffield Unit, shallow Navarro wildcat located on a 40 acre lease 6 1/2 miles south of Milam and near the Burleson County line. Potential test figures have not yet been reported on the Coffield.

### Nominations Open For McCullin Cup, 1966 Civic Award

Nominations remain open until February 15 for the McCullin Civic Award. Chamber officials announced today.

Each nomination should be accompanied by detailed information on the nominee.

The loving cup award is presented each year to a citizen of Cameron who contributed to the "general welfare of the town in civic, cultural, youth and religious efforts."

Mr. and Mrs. A. W. McCullin sponsored the annual presentation in 1961. It is presented annually at the annual Cameron Chamber banquet.

Previous recipients are: 1951, E. A. Perrin; 1952, Rev. John Solomon; 1953, Mrs. Mark Magers; 1954, Jimmy Asher; 1955, Lester Williams; 1956, Ben Magnus; 1957, Mrs. Dana Monroe; 1958, Richard Moseley; 1959, Francis Cox; 1960, Dr. S. H. Richardson; 1961, Don G. Humble; 1962, Narvie Caperton; 1963, Forrest Sapp; 1964, Gene Smithe; 1965, Miss Mildred Thornton.

### Rev. Bilski Takes Marak Pastorate

Rev. Harry Bilski has been assigned to the St. Cyril & Methodius Catholic Church at Marak and St. Joseph's at Cyclone. He succeeds Rev. George Bonhard, now pastor of the Catholic Church at Corn Hill.

Rev. Bilski is a native of Brenham. He was assistant priest at St. Anthony Church in Bryan for 7 years and served as pastor of the church at Westphalia for 1 1/2 years before moving to Marak.

### Methodist To Hear State Sen. Watson

State Sen. Murray Watson, of Waco, will address the congregation of the First Methodist Church 10:55 a.m. Sunday, January 29, on a theme of Responsible Christian Citizenship.

Included in his presentation will be questions addressed to him by members in letters.

### Bank President Resigns In Rogers

Edwin A. Smith Jr., of Rogers, has resigned as president and member of the board of directors of Rogers State Bank.

"Certain erroneous entries" totaling \$39,182.15 were discovered last week by examiners of the State Banking Department during a routine examination, according to H. K. Allen, chairman of the board of Rogers First State Bank.

Allen also said there was no loss to any customer of the bank or to the bank itself.

After investigation, the bonding company assured the bank's board of directors that the funds would be replaced.

### Tanning Helps Golfer's Glove

COLLEGE STATION

Golf gloves will last an active golfer an entire season if tanned by a process developed by U. S. Department of Agriculture's Agricultural Research Service.

The process is called glutaraldehyde tanning, says Miss Fannie Brown Eaton, Extension clothing specialist at Texas A&M University. It makes leather resistant to perspiration and repeated washing. This new process, now in wide commercial use, was first used in tanning shearlings for hospital bedpads and paint-roller covers.

Experimental gloves were wear-tested by 22 golfers during an 8-month season. Each wearer washed the gloves 5 to 8 times during the season. Soap or detergent was used in a warm water wash. After washing, a little manipulation of the dried gloves restored most of the original softness.

### Luther Zone Women To Rally Feb. 12

The Central Texas Zone Lutheran Women's Missionary League will hold a rally at 2:30 p.m. February 12, at Salem Lutheran Church in Malone.

First Lutheran, Rosebud, and Trinity Lutheran, Cameron, will be represented among the 11 churches in the zone. Mrs. Walter Kaltwasser, of Farwell, Texas District president, will speak on "Personal Dedication."

### ROGERS BAND PARENTS

The Rogers Band Parents club will meet at 7:30 p.m. Monday, January 30, in the band hall.

## Policing A Police State ....

It is world misfortune that a free press cannot cover the apparent civil war underway in Red China.

Most of what we read comes from posters displayed on the walls in the embattled Chinese cities. Some film is available to national TV networks through a Japanese news agency that is communist oriented.

But enough is being learned through Hong Kong sources, where hundreds of thousands of Chinese have left Red China, to document Mao-Tse-tung's struggle with his peers for domination. Even Mao's wife, Chiang Ching, is actively involved in Mao's defense, this commitment, saying in effect, that Mao's health is indeed a factor in attempts toward his overthrow.

Mao's Red Guard has drawn revolt in some cities and parts of Peking, it is reported. Their crush to turn attention away from Mao's infirmity and the internal power struggle overstepped. Mao still controls the Red Army, about two million strong, which can compel, of course, submission of their own people in the fashion of Budapest in 1956.

The Red dilemma would continue. It would require either the mobilizing effect of an Asian war or concessions to a people they cannot fully feed or employ.

This dilemma would be ours. U. S. involvement in South Vietnam could be a justification for Chinese intervention. The problem is, however, that

Red China lacks the mobility to move its army into that area of Asia.

U.S. leadership is anticipating this possibility by building huge sea and airports in Thailand, away from South Vietnam.

So much depends on the foment that apparently rankles in Red China and who will ultimately succeed Mao, though he may survive present difficulties.

He would have them militant while Russia, who has been through these purges, gladly would not. Soviet leaders Kossygin, Breznev and another top Russian are in Eastern Europe now, seeking additional orientation away from Peking, if not to Moscow.

Day-to-day news developments in Red China would be helpful in the U.S. public's comprehension of our future involvement. We know that Vietnam is a matter of time and expensive human attrition, but we do not know whether some Red Horde or Red Bomb awaits even a peaceful settlement in Vietnam.

It is understood that conditions avoiding Chinese intervention in Vietnam are being met. But those conditions have been posed by Mao prior to this civil revolt or even in anticipation of it.

No one knows what will follow the surcease of apparent revolution in Red China. It is momentous proportion for the U.S., now the world's policeman, to contain the world's most volatile police state.

## Gov's Message Stirring Debate

By Vern Sanford

AUSTIN — In Gov. John Connally's "state of the state" message there was enough grist to keep the legislative mill running all of its 140 days. His proposals drew favorable comments from some, yes-and-no from others, and maybe-so attitudes from other legislators. Their reactions indicate that Connally's recommendations will be debated extensively during the months ahead.

Included in his wide-range message were:

**CONSTITUTIONAL REVISION** — He suggested that the Legislature ask the people at a special election in September whether they want to elect 450 people, three from each House of Representatives district, to form a constitutional convention and bring back a new constitution for a vote by the people. A commission of 25 members, of which the governor would name 10 and Speaker Ben Barnes, Lt. Gov. Preston Smith and Chief Justice Robert W. Calvert would name five each, would serve as the staff for the constitutional convention. A vote in 1968 could be possible, under Connally's timetable.

**ELECTION LAWS** — He recommended a strict law for registering to vote the first time but easier thereafter.

**LEGISLATIVE SESSIONS** — He renewed the proposal for sessions of the Legislature every year, with the even-year sessions limited to budget-making and emergency proposals from the governor. Trying to decide this spring what money is needed for state agency spending through August, 1969, is too difficult, he declared.

**FOUR YEARS** — Connally re-

newed his request for four-year terms for himself and other state officials, despite the voters' rejection of that plan in 1965.

**STATE PARKS** — He gave details on his proposal for a vote by the people this fall on issuance of \$75,000,000 in revenue bonds to finance an elaborate system of state park expansion. Most of the money would be used to buy land before its price goes up. An admission fee of \$1 per car to all state parks would retire the bond issue, he said.

**AGRICULTURE** — Connally said agriculture is important to Texas, but it is in trouble. The state is spending \$41,000,000 each two years on 15 different agencies. He said he will propose reorganization later to provide coordination and cooperation of efforts to aid agriculture.

**WATER** — Also recommended was passage of a bill to adjudicate water rights by administrative procedures, through the Texas Water Rights Commission, rather than the more expensive route of going through the courts. He said more water rights are granted or claimed than there actually is surface water available. This will lead to costly fights when use comes close to supply, hence he proposed the plan advocated by the State Bar to settle the arguments now. He also advocated reorganization, strengthening and financing of the Texas Water Pollution Control Board. This to put a stop to water pollution, plus a program of \$4,000,000 for planning regional waste treatment plants, and grants of \$12,000,000 a year to cities and river authorities for waste-water treatment facilities, dove-tailing with federal grant programs.

**BANKING** — The Governor drew quick fire from financial conservatives when he advocated that branch banks be legalized by a vote of the people in the four biggest counties — Harris, Dallas, Bexar and Tarrant. He said the many small banks in these counties simply cannot gather together the money to make the size of loans required by modern Texas industry. So he wants the big-city banks to be allowed to have branches, instead of independent banks, in all parts of the four big counties.

**LABOR** — Connally endorsed some of organized labor's goals — higher unemployment and workmen's compensation payments, and an industrial safety law. He pointed out that more people are hurt on the job each year — 201,000 — than on the highways — 186,000. Death rate in Texas factories is nearly double the average rate for the other nine major industrial states. So he proposed that the Bureau of Labor Statistics be given the job of promulgating and enforcing industrial safety rules.

**FINE ARTS** — He suggested financing and permanent status for the Texas Fine Arts Commission, set up in 1965 to preserve and promote fine arts in Texas, headed by John Ben Shepperd of Odessa.

**INTEREST RATES** — State Finance Commission has had a committee working up a consumer finance code. Connally gave it general endorsement, but said he will have detailed recommendations. Report will allow banks to go into the small-loan business, with higher interest rates than the traditional 10 per cent. It also will propose regulation of automobile dealers, department stores, appliance finance companies, and others who charge people for use of money. At present, only those who lend less than \$1,500 at a time, for more than 10 per cent, are under state regulation.

long distance phone rates.

**CRIME** — Stiffening of criminal laws, including requiring convicts to serve at least 20 years on life sentences and a third of all sentences before parole, was among his recommendations, plus tough new laws against carrying pistols.

**TRAFFIC SAFETY** — He wants more men for the Highway Patrol, at higher pay; driver education to be made available for all junior high schools; 18-year-old minimum driving age without driver education, upon which licenses may be obtained at 16; helmet requirements for motorcycle riders; medical exams to remove unsafe drivers from highways; new tests for all drivers every four years; 12-month license suspensions for those convicted of major traffic offenses; mandatory suspensions for driving while intoxicated; and stronger motor vehicle inspection laws.

**MEDICARE** — Connally proposed that the voters' mandate of last fall be carried out, to give hospital and medical care to all those on public welfare rolls at federal and state expense.

**CITIES** — He recommended that cities be given the power to levy one percent sales tax if the voters provided for "councils of government" to make regional development plans; that counties be given land-use control through building-permit issuance; that county governments be authorized to levy taxes and take over from their cities the jobs of providing library, health, welfare, hospital, park, airport, planning, transit, garbage disposal and flood control activities, in the urban counties, if the voters approve of the undertakings. He also suggested a state agency to help local units of government get federal and state aid, and to allow urban counties to reorganize themselves for more efficiency.

**STATE WORKERS** — Connally recommended a pay raise which will average 20 percent, including a minimum state wage of \$1.40 an hour.

**FEDERAL TAXES** — Governor proposed that Texas initiate an amendment to the U. S. Constitution to require that the U. S. give the states five percent of what it collects in each state in income taxes, to be used as each state's legislature desires. It would take

## OLD PHILOSOPHER

Old Philosopher Has Little Luck Trying To

Answer Questions Like They Do On TV

Editor's note: The Old Philosopher on his Johnson grass farm on the Yegua has been watching television, his letter this week indicates.

Dear editor: In between newspapers lately I've been listening to national politicians being interviewed on television, on such programs like "Meet The Press" and "Face The Nation," and I have decided that my trouble is I don't know how to answer questions.

For example, some politician will be asked: "Does the present conduct of the war in Vietnam suit you?"

His answer: "No."

"Why not?"

"I cannot imagine our letting a war drag on and on for years."

"What would you do to end it sooner?"

"I would hope that by taking a harder look at the situation we could figure out something better."

Or the question might be: "You recently stated that the Federal government is spending too much money. Do you still think so?"

"Certainly."

"Where would you cut spending?"

"I would hope that by taking a closer look at the entire Federal program we could cut out all waste and non-essentials."

This is what I'm talking about, and to bring it down to a local level, I don't see why I can't think to answer like that. For example, if a store owner sticks a past-due bill in my face and says,

two-thirds of the 50 states to initiate this, and three-fourths to make it a reality.

**SCHOOL TEACHER SALARIES** — He proposed a five percent pay raise for public school and college teachers, a little more than half of that proposed by the Texas State Teachers Association.

**STATE TAXES** — The Connally program would spend \$125,000,000 during the next two years which present taxes will not produce. He said he will make recommendations later as to where the Legislature should get this money.

"Do you intend to pay this?" I should answer "Certainly."

"When?"

"I would hope that by reviewing my entire financial situation I could work out some way to keep it from dragging on and on."

The only trouble with this system is that not enough store owners apparently listen to those television programs. I tried it out and their replies wouldn't be suitable for family television.

Yours faithfully,

J. A.

P. S. I don't know why the sports writers didn't say so, but as I understand the results of the Super Bowl, the Green Bay Packers beat the Kansas City Chiefs, \$15,000 to \$7,500.

## Which Man Are You?

Some men see a golden dream in a dusty cloud.

Some men see architectural order rising from archaic disarray.

Some men see the open book beckoning the closed mind.

Some men see the broad avenue joining two narrow paths.

Some men hear harmony in the dissonance of conflicting voices.

Some men hear a single heartbeat amidst the ethnic rumble of myriad lands.

Some men hear a proud hurrah in the din of whimpering disenchantment.

Some men hear the sound of hope amidst the deafness of the crowd.

Some men taste triumph in the bitter defeat.

Some men taste truth, if only a sample, in the trample of malice and discontent.

Some men touch success on the fringe of failure.

Some men find unity in the beauty of the open heart or the open field.

Some men know greatness in the hush of humility.

Which man are you?

## Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

# ANC Preludes Direct Dialing

Cameron area telephone subscribers will join the nearly three-fourths of telephone users in the United States when the local phones are converted to All Number Calling October 1, 1967.

C. L. Carson, manager for Southwestern Bell said about three-fourths of the telephones in the United States have already been converted to All Number Calling. The change to a new numbering system is necessary because of the tremendous growth in the number of telephones. Telephone companies would eventually run out of suitable numbers if they did not convert to All Number Calling.

Carson said.

In Cameron the numbers 679 will be substituted for the prefix OX7. Carson said that during the period before the full changeover, new customers and customers who request moves or changes requiring a number change will be given the option of going to an all-numeral number. This, of course, could result in many telephone users having all-numeral numbers before October 1, the date of the full conversion.

Carson said that at the time of the full cutover the prefix is the only part of the telephone number that will be changed. The last 4 digits will remain the same. Telephone directories listing the new numbers will be distributed when the changeover is made.

"Persons who plan to order stationery and other printed material on which telephone numbers are carried should keep in mind that their number will change October 1, 1967," Carson said.

The changeover to all-numeral numbers in Cameron is part of a Southwestern Bell program to convert all telephones in the states served by the company to All Number Calling gradually over the next few years.

"With All Number Calling, telephone numbers in Cameron will be of the same type as most phone numbers throughout the country," Carson said. "This standardization makes it more convenient for the telephone user when he travels on business, makes vacation trips or moves to another city."

Without All Number Calling, Southwestern Bell and other telephone companies would eventually run out of telephone number prefixes," Carson explained.

"Within a few years the number of dial combinations using two letters and five digits, such as present local numbers, will have been exhausted in many parts of the nation," he said. "Now that Direct Distance Dialing is in use around the country, no two telephone numbers can be alike in the same numbering plan area."

He said All Number Calling is

the best solution to this problem. "All Number telephone numbers allow us to expand the possible combinations of dial pulls by about 50 percent in each numbering plan area," he said.

Carson noted that all-numeral numbers will eliminate dialing errors caused by confusion of the numeral "1" with the letter "I" and of the letter "O" with zero.

All number Calling is also a step toward worldwide dialing where the language problem negates the use of letters, he pointed out.

He said, too, that the trend in telephone instrument design is toward compactness. A dial with only numbers can be smaller, yet actually more readable and easier

to use than a dial with both letters and numbers.

### Rosebud Services For Retired Farmer H. R. Williams, 59

## Former Volunteer Tells Vista Work At Delphian Club

The Cameron Delphian Club met January 17 with Mrs. E. A. Perrin as hostess for the meeting.

Mrs. W. C. Freeman, coordinator for cultural research commission of fine arts, distributed inquiries to be filled in by clubs, business men and the mayor.

Miss Mary Yoe presented a program on VISTA Volunteers in Service in America, an organization in which she played a teaching part during 1966. VISTA began in 1964 under the Office of Economic Opportunity, the program costing 15 million dollars in 1966. Scope of the aid spreads through the United States, Puerto Rico, Virgin Islands, American Samoa, and Guam.

Angel food cake squares topped with lemon icing and hot tea were served to 15 members present.

## —LEGAL NOTICE—

CAMERON INDEPENDENT SCHOOL DISTRICT AND MAYFIELD COMMON SCHOOL DISTRICT NO. 63 NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964.

This Notice is made Available to Inform You About The Desegregation of Our Schools. Keep a Copy of this Notice. It will Answer many questions about school Desegregation.

### 1. Desegregation Plan in Effect

The Cameron I. S. D. public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin.

### 2. Thirty-Day Spring Choice Period.

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on February 1, 1967 and close March 3, 1967.

### 3. Explanatory Letters and School Choice Forms

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parents, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

### 4. Returning the Choice Forms

Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

### 5. Choice Form Information

The school choice form lists the names, location and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent.

(If choice form asks for the student's race, color, or national origin, insert the following sentence:

### FIG CROP REPORT

On December 1, 1966 there were 55.1 million hogs and pigs on U.S. farms, 9 percent more than the number a year earlier, reports the U. S. Department of Agriculture. In Texas, the December 1, 1966 total, according to the Texas Crop and Livestock Reporting Service, was 807,000 head, an increase of 15 percent over year earlier figures.

Texas farmers intend to farrow 8 percent more sows during the December 1966 - May 1967 period than farrowed in the same period a year ago. Nationally, farmers intend to farrow 3 percent more sows than a year ago for this same period.

The Men's Brotherhood of the San Gabriel Baptist Church were hosts at a chili supper Saturday night in preparation for the Laymen's Revival which began Sunday. The wives were guests at the supper at which the men did all the serving and dishwashing. Thirty-six men, women, and children enjoyed chili, coffee, tea, donuts and fine fellowship.

Mr. and Mrs. Hugh McMillan spent the weekend in Houston as guests of their son and family, Mr. and Mrs. David McMillan, John and Cindy.

House guests of Mr. and Mrs. Walter McDaniel from Sunday until Tuesday were Mr. and Mrs. Billy Joe McDaniel and children of Houston.

Mr. and Mrs. Brooks Barron, Kelly and Kenny, spent the weekend in Houston.

Weekend guests of Mrs. Howard Fulcher were Irene and Ralph Hester of Fort Worth and Bill and Walter Cannon of Houston.

Buddy Limmer's aunt, Mrs. Hubert Kaatz of Thrall, died suddenly of a heart attack Thursday afternoon. Mr. and Mrs. Limmer attended the funeral which was in Taylor Sunday afternoon at 2.

Mr. and Mrs. Marvin Limmer, Kimberly and Garrett Lee of Bastrop were Sunday guests of his parents, Mr. and Mrs. Buddy Limmer.

Rev. Melvin Zornes attended the Texas Baptist Evangelism Conference in Dallas last week.

## Maysfield

By Mrs. J. P. Wise Mrs. John Thweatt returned to her home here Saturday. Mrs. Thweatt suffered a fall last spring and has been in hospitals in Austin and Houston. She spent some time in the homes of her daughters in Dallas, Austin and Houston. Miss Dorothy Fuller of Cameron is staying with her.

Mr. and Mrs. Bryan Floyd and children of Rockdale visited in the Dock Thweatt home Sunday.

Mr. and Mrs. Fred Bailey of Rosebud visited in the Eldred Massengale home Thursday.

Mrs. Garland Williams of Rockdale visited her parents, Mr. and Mrs. Elbert Hollingsworth Thursday.

Mr. Fred Jackson was taken by ambulance to Scott and White Hospital Friday. His sons, Fred and Stanley and a daughter, Miss Mary Alice are here to be with him.

Mr. and Mrs. Gifford Thweatt visited their son Donald and family at Belton Sunday afternoon.

Mrs. W. C. Cooper visited her son Carl and family in Bastrop last weekend.

Sgt. Terry Dyer and Mrs. Dyer are visiting her parents, Mr. and Mrs. Otis Gooch. He has just returned to the states from Germany where he has been stationed for two years. They will leave next week for California where he will be stationed at George Air Force Base.

## Jones Prairie

Mr. and Mrs. Hope Jamison Jr. and children of Freeport were weekend visitors at the home of his parents, Mr. and Mrs. Hope Jamison over the weekend.

The W.M.S. met Tuesday afternoon at the church with a members present.

Mrs. Elvin Harwell entertained Monday night with a Stanley party.

Mr. and Mrs. W. Senkel spent the day Sunday with her brother, Mr. Rudolph Stoeber of Travis.

Mrs. Bill Thweatt, Rock and Peggy visited Mr. and Mrs. Billy Thweatt Saturday.

## Poage Bill Would Add Private, Federal Capital For REA Loans

House Agriculture Committee Chairman, W. R. (Bob) Poage has introduced legislation to provide a new supplemental source of growth capital for rural electric and rural telephone systems, he announced last week.

The new committee chairman said he views the measure, H. R. 1400, as the "major piece of legislation which will come before the Agriculture Committee during the current session."

"The legislation is intended to provide a means of bringing funds from the private money market into the rural electrification and telephone program to supplement the present Rural Electrification Administration's two percent loan program," Chairman Poage said.

"This would assure each of the nation's rural electric and telephone systems adequate capital to meet the demands of their consumers at rates each could afford."

Patterned after the Farm Credit System, the new credit systems — a Federal Electric Bank and Federal Telephone Bank — would utilize both non-Federal and Federal funds with the objective that they will ultimately become entirely privately owned, operated and financed corporations.

Rep. Poage said the new bill is identical to a draft of similar legislation considered late in the last session by the Committee's Conservation and Credit Subcommittee, of which he was chairman. That draft was generally known as Committee Print No. 1.

"In this print," a sincere effort was made by the Subcommittee to meet every objection which had been leveled at the bill during the

long and arduous hearings before the full committee," Chairman Poage said.

He stated that hearings on the bill would begin as soon as practical. He added that while he did not expect hearings to be as lengthy as last year, because of the complexity of the bill and the presence of new members who will serve on the committee, a thorough examination and evaluation will be required by the new committee.

The Committee Chairman called the legislation "an excellent way for the government and the rural electric and telephone systems to work together with the aim of ultimately freeing the Treasury from a tremendous financial burden."

He said the capital structure of the new system would include (1) capital subscribed by the United States which will be replaced by capital paid in by each borrower (5 percent of each loan) and (2) capital subscribed by borrowers and their members as investments.

The United States would furnish capital to the electric credit system from repayments of current REA loans at the rate of \$50 million a year until the government capital reaches \$750 million, and would furnish the telephone system with \$20 million annually from repayments on present rural telephone loans until the total reaches \$300 million.

Each of the banks would be directed to obtain sufficient funds to meet the requirements for loans and would be authorized to obtain funds through public or private sale of its bonds, debentures and notes.

"The outstanding feature of the bill provides for conversion of the capital stock to private ownership through the retirement of government stock, and as such stock is retired the ownership of the bank will vest in the private holders of the non-government stock," Chairman Poage pointed out.

He emphasized that the bill continues the authority of the REA to make direct two percent loans wherever needed.

"The continued availability of two percent loans is absolutely necessary for many small rural electric and telephone systems which serve sparsely settled areas and could not pay the higher interest rates charged to borrowers from the new credit systems."

"To the extent that other more prosperous systems can pay a little higher rate of interest for bank loans, the need for appropriated funds would be reduced."

TEXAS FARM INCOME Texas farmers and ranchers received \$2,128 million during the January-October 1966 period from the sale of all crops, livestock and livestock products.

The Texas Crop and Livestock Reporting Service said cash receipts were up 15 percent from the same period a year ago and that the total for the 1966 period included cash receipts of \$1,152 million from livestock and livestock products and \$975 million from the sales of crops.

Proven cream  
makes wrinkles  
diminish  
or vanish in 2 weeks

With a substance new to cosmetics, named Genava, aging skin can start looking younger and younger — not older and older.

After a two-week trial on a selected group of women, a noted dermatologist reports on the ingredients in Genava:

"Disappearance of small wrinkles was accomplished in two-week period; even the very deepest wrinkles showed very great improvement."

Dr. W. F. also comments, "The small superficial wrinkles responded dramatically." And he adds that the skin was "more trans-

lucent and smoother in appearance."

These results are nothing short of amazing. And it took a new cosmetic compound to do it.

Genava was developed by the trustworthy Nina laboratory. Designed to be used twice daily — under make-up and overnight — it is absorbed instantly by the skin. Start using Genava today. In just two weeks your wrinkles will vanish or diminish greatly. Skin becomes more translucent, smoother. You will look gloriously younger! 1.65 oz. \$3.50; 4 oz. \$5.00. ~~9.99~~ **nina's genava**

## CAN YOU HEAR A

## Child's Heart?

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

That poor doctor! All he can hear is a thump-thumping in his stethoscope. But parents can hear more!

They can hear their child's heart in his excited voice . . . in his pounding feet . . . in his noisy play. And the sounds they hear are full of happiness, and hope, and promise.

In his prayers, too, parents can hear their child's heart . . . reaching confidently toward the Love and Power that grown men sometimes forget.

But hearing a child's prayers is only one little gesture in the tremendous responsibility of nurturing the spiritual development of a Christian heart.

Like the doctor's stethoscope it's a kind of routine checkup before we prescribe what the patient needs.

The heart of a child needs religious example in generous doses which only his parents can provide. And the heart of a child needs spiritual truth, of which his family's Church is the convenient, trusted dispensary.

# IRS Questions

Q - Is it true that IRS will figure out your tax for you when you file the short form?

A - Yes, if your income is less than \$5,000 and Form 1040A is filed, then IRS will compute your tax if you wish. We will refund any overpayment or bill you for any additional tax due.

Q - I married a widow with two young children last summer. Can I claim the children as dependents?

A - If you provided more than half the children's support for the year, then you may claim them as dependents. If your wife provided over half their support, she can claim the children as dependents on her separate return or they may be claimed on a joint return.

Q - Can I claim two exemptions for a dependent over 65?

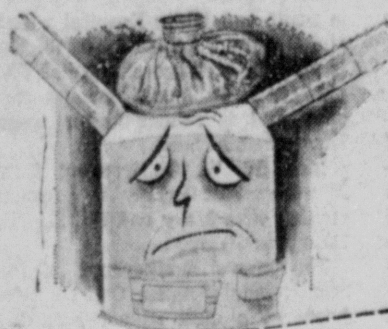

A - No. You may only claim one exemption regardless of the dependent's age. The additional exemption for being 65 or over may only be taken by a taxpayer filing his own return.

Q - Will it ever pay a couple to file separate returns?

A - Very seldom in a community property state such as Texas where most income is community income. It is beneficial where capital losses of at least \$2,000 have been sustained. By filing separate returns, each spouse can claim \$1,000 instead of being limited to only \$1,000 for both on a joint return.

Q - Why do I have to put a Social Security number on my tax return?

A - The law requires persons filing returns to furnish a tax account number. Since the majority of taxpayers already have Social Security numbers, these numbers are also used for tax identification

## R: A FREE SURVEY!

This is the season of the year when thousands of homeowners are suffering from "heating system headache."

It's brought on by outdated, troublesome heating equipment. Two common symptoms are hot blasts and cold drafts... often accompanied by strange noises. In the advanced stages, there's the painful expense of adjustments and repairs.

A sure-cure remedy is available... a modern, flameless electric heating system.

TP&L neither sells nor installs equipment, but we can make a survey of your home and recommend a system to fit your needs. No charge or obligation, of course. If you wish, we'll put you in touch with a Certified Electric Heating Dealer. He'll tell you about the modest installation cost and... best news of all... a Guaranteed Operating Cost Plan.

The coupon at the top can start you on the road to recovery from "heating system headache."

ERSKINE McDERMOTT, son of Mr. and Mrs. Charles E. McDermott, gives a thorough inspection to one of the new DEEP TREAD tractor tires at Horstmann's Tire Store.

The DEEP TREAD tire is Firestone Tire and Rubber Company's new concept in tractor tires. This type of tire was designed to answer the unique demands of the late model high horsepower tractor.

Horstmann's Tire Store stocks over 200 different types of tires. This inventory of tires includes the DEEP TREAD in sizes 16.9-34, 18.4-34 and 15.5-38.

You are invited to come by and inspect the DEEP TREAD rear tractor tires. We think you will agree that this tire will put to work all the horsepower that was originally built into your tractor.

purposes. Taxpayers who forget to list their number will have refunds delayed until the number is supplied.

Q - I teach in high school. Under what conditions will summer courses I take be deductible for tax purposes?

A - The courses will be deductible if the primary reason you took them was: (1) for the purpose of maintaining or improving your present teaching skills, or (2) expressly required by your employer to maintain your salary, status or job.

Q - We lost a child in a traffic accident last year. Can we claim him as a dependent for the entire year or only part of it?

A - If the child was your dependent, you may take the full \$600 exemption for the year of his death.

Q - Do you have to be married to get the head of household income tax rates?

A - No you don't. On page 3 of the 1040 instructions you will find an explanation of whether you qualify for these rates. Head of household tax rates cannot be used if you are married and can file a joint return.

Q - I won a prize in a contest run by the local filling station. It was cash. Do I have to report it as income?

A - Yes you do. Prizes such as yours as well as money or merchandise won in lucky number drawings, radio and television quizzes or from any sales promotional program are taxable and must be declared as income.

Q - My name was misspelled on the 1040 package I received in the mail. How can I correct this?

A - Make the change on the 1040 you received by marking through the error and entering your correct name. It is helpful for us to get the corrected label back to aid in identifying the error and making the necessary changes. If your Social Security number is misprinted, please correct it in the same manner.

Q - Are child support payments deductible?

A - Child support payments are not deductible to you nor are they taxable to your former wife. However, if you, rather than your former wife, provide more than one-half the child's support, then you may claim the \$600 dependency exemption on your return.

Q - I have several W-2 forms since I worked for several people last year. Should I attach all of them to my return or can I add them up and give you the totals?

A - You should attach Copy B of all your W-2's to your return, although only the total need be entered on your Form 1040. Failure to do so will hold up the processing of your return and any refund that might be due you.

Q - I changed jobs last year and now find myself driving about 30 miles a day to get back and forth to work. Can I deduct 10 cents a mile for this driving?

A - No. Commuting to and from work is a personal expense and is not deductible.

## Auto Plates To Promote HemisFair

AUSTIN

Texas passenger car license for 1968 will carry an invitation to visit San Antonio's HemisFair.

The Texas Highway Commission today directed that the slogan, "HEMISFAIR 68," be included on the 1968 license plates, scheduled to go into production soon.

HemisFair will begin a 6-month run on April 6, 1968. Government, industry and business leaders have joined in helping develop and promote the event, planned as a "fair of the Americas."

Recent estimates by independent research agencies indicate that almost 11 million persons will visit the extravaganza.

Only HemisFair and the recent World's Fair at Seattle have been granted official designation as international expositions in this decade. HemisFair was approved by the official international sanctioning body for world fairs.

The Highway Commission in its action today noted that the U. S. Congress has appropriated \$6.75 million for construction of a U. S. pavilion. The Texas Legislature has set aside \$4.5 million for a permanent Institute of Texan Cultures on the HemisFair site.

## Census To List Pre-Schoolers

ROGERS

The annual census taking of scholastics living in the Rogers Consolidated Independent School District is under way, and all parents living in the district are urged to assist in the census. Each year quite a few six year olds are missed and school authorities are anxious to enumerate every scholastic living here.

A child is a scholastic and should be enumerated if he was born on or before September 1, 1961, or after September 1, 1949.

Census blanks will be sent home by all students now attending the Rogers schools for parents to sign. If there is a member of the family whose birthdate is between the ages given above and is not on the census, parents furnish that information to Mrs. Frank Green in the central school office, with the day, month, and year of birth.

Mr. and Mrs. W. D. Swanzy had Mrs. Robert Schuetze and children of Waco as visitors. They and Mr. and Mrs. W. D. Swanzy visited other relatives here.

Rev. Ronnie Lillard preached at Burlington Baptist Church here Sunday morning.

Mrs. Henry Boehme of La Marque visited her parents, Mr. and Mrs. Otto Becker, at Rosebud.

AGRICULTURAL CHEMICALS

Agricultural chemicals are being used to wage a two-pronged attack on the oldest enemies of man - hunger and disease. Should the use of pesticides be restricted, says Jack Price, leader for agricultural chemical programs, Texas Agricultural Extension Service, both enemies would get a big boost.

## Safeway Announces 14% Sales Gain

Safeway Stores, Incorporated, today announced sales for the 52 weeks ended December 31 totaled \$3,345,813,000 as compared to \$2,939,043,421 for the comparable 1965 period, an increase of 14 percent.

Safeway, in achieving the record sales figure, became the first company of any kind headquartered west of Chicago to have annual sales exceeding 3 billion dollars.

The food company's consolidated sales for the final 16 weeks ended December 31 amounted to \$1,037,232,136 as against \$920,155,037 in 1965, an increase of 13 percent.

There were 2,176 stores in operation at the close of 1966 as compared to 2,128 at the end of 1965.

## Allison Takes Navy Basic At San Diego

SAN DIEGO, Calif., (FHTNC) Seaman Recruit Michael C. Allison, USN, son of Mr. and Mrs. Eddie Allison of Cameron, is undergoing nine weeks of basic training at the Naval Training Center here.

He is receiving instructions in Naval customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

A program of physical fitness, military drill and inspections keeps the recruits mentally and physically alert during their training.

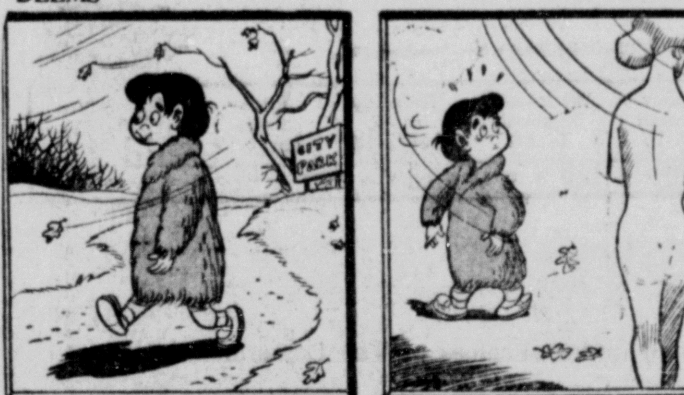

His Navy Classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

## SELF ANALYSIS QUIZ

## How Is Your Sense Of Humor?

by Jane Sherrod Singer

Psychological studies show little relationship between a person's intelligence and his sense of humor. However, the ability to laugh is a salve for many bumps in life. Laughter leads to a better adjusted person. Get a pencil — and smile while you take this quiz!

1. Make a doodle. Don't think — just doodle.
2. In ten seconds, draw a man.
3. In ten seconds, draw a creature who lives on Mars.
4. If you were going to a masquerade party, which costume would you pick?
  - a. Romeo or Juliet costume.
  - b. Attire of a child.
  - c. Clown's suit.
5. When you tell a story, do you give each detail carefully?
6. Which animal do you think is the most amusing?
  - a. kangaroo
  - b. monkey
  - c. giraffe
7. Do some works of the arts (pictures, ballet, music) make you smile? Even laugh?
8. If you dropped a coin into a water-filled gutter, would you fish it out?
9. Can you laugh when you make an unimportant mistake?
10. Do you often laugh at jokes — even if you don't get the point?

### ANSWERS:

1. According to psychologists, angular or straight lines suggest a tense, exacting person. Wavy or circular lines are more likely to be drawn by a person with a sense of humor. Outward spirals indicate an outgoing character while inward spirals tend to be drawn by introspective people.
2. If your man has a smile on his face, you are looking for the humorous side of life. Did you add a hat or buttons? Good, if you did, for you see people as not a threat.
3. Give yourself a good point if your creature from Mars is more or less human. The chief basis of humor is the human being himself. However, your fears are showing if your creature has long teeth, talons or other symbols of aggression.
4. Give yourself a good score if you selected a clown suit. A Romeo or Juliet costume indicates a romantic nature — a child's attire, an unwillingness to grow up.
5. Too much concern for details shows you to be a serious person, rather than fun-loving.
6. People who think monkeys are funny relate to human beings and their predicaments. This would indicate a higher level of humor than if you chose other animals.
7. Many artists have purposely tried to make you laugh in their forms of art.
8. If you would fish out the money, you probably know you would look funny to someone else and can laugh at yourself while doing it.
9. "The only thing worth having in earth's existence is a sense of humor." (Lincoln Steffens)
10. If you too often don't get the point, obviously, your sense of humor is not very sharp.

into a contract with, a banking  
corporation, association or indi-  
vidual banker in Milam County, Tex-  
as, for the depositing of the public  
funds of such county in such bank  
or banks in accordance with the  
provisions of Articles 2544 et seq.,  
Vernon's Annotated Texas Statutes.

Any banking corporation, associa-  
tion or individual banker in such  
county desiring to be designated  
as county depository shall make  
and deliver to the County Judge  
an application applying for such  
funds and said application shall  
state the amount of paid up capi-  
tal stock and permanent surplus  
of said bank and there shall be  
furnished with said application a  
statement showing the financial  
condition of said bank at the date  
of said application which shall be  
delivered to the County Judge on  
or before the first day of the term  
of the Commissioners' Court at  
which the selection of the depository  
is to be made. Said application  
shall also be accompanied by a  
certified check for not less  
than one-half (1/2) of one per cent  
of the county's revenue for the  
preceding year as a guarantee of  
the good faith on the part of said  
bank, and that if said bank is  
accepted, as county depository,  
that it will enter into the bond  
hereinafter provided.

Mr. and Mrs. Rudolph Stach of Jarrell were Sunday guests of Jim Bartlett.

The Tracy fellowship hall was the setting Saturday night for a happy couple, Major Clement Caffey of Georgia and his wife Sally of Lackland Air Base in San Antonio when they were honored with a miscellaneous shower. The gift table was covered with a white crocheted cloth with a floral centerpiece. Mrs. Mabel Charles and Mrs. Marie Brown were in charge. The registration table which held the bride's book was centered with a pink and white floral arrangement, with Mrs. Fred Green in charge. The refreshment table was covered with a white lace cloth over pink and held a beautiful arrangement of pink and white gladiolus and pink carnations. At the crystal punch service and cake squares Mrs. George Young served.

Mr. and Mrs. Emmitt Andrews of San Gabriel and Mr. and Mrs. Bill Green and children of Rockdale were Sunday guests of Mr. and Mrs. Ray Green.

Dan Davis of Lamar Tech is home for a week on semester break. Dan and his mother were in Victoria and Port Lavaca last Thursday and Friday.

Mr. and Mrs. Alfred Dittmar, Mrs. Roland Lawson, Mrs. Mabel Charles, Mr. and Mrs. Willie Schwarz attended the funeral of an aunt, Mrs. Jesse Peveto, last Thursday in Austin.
